**PUBLIC NOTICE
OF INTENT TO FILE AN APPLICATION
WITH RURAL DEVELOPMENT AGENCY
AND TO CALL A GENERAL PUBLIC MEETING**

The City of Portland, Texas intends to file an application with the U.S. Department of Agriculture, Rural Utility Service, for financial assistance proposing a project to provide wastewater service connections for the Doyle Addition Subdivision (located northwest of the City) which comprises of 137 occupied households. The community of Doyle has no public wastewater system, and are currently receiving water through the City of Portland (which was funded recently through USDA). Wastewater disposal is provided through the use of individual septic systems, which in some cases, do not meet area requirements. In February 1998 the Texas Natural Resource Conservation Commission (now the Texas Commission on Environmental Quality) issued a nuisance determination letter for the project area. Residents located in the project area are generally of low to moderate income, many on fixed income.

The application process requires a Public Meeting to inform the general public regarding the development of the proposed project. The Public Meeting will be held to give the citizenry an opportunity to become acquainted with the proposed project and to comment on such items as economic and environmental impacts, service areas, and alternatives to the project.

The Public Meeting will be held on July 17, 2012 at 7:00 p.m. at the City of Portland, Texas – City Hall, 1900 Billy G. Webb Drive, Portland, Texas 78374.
